### [In college, I founded an FM station. It’s 50 years later...](#)

With a lot of help from some other students, a couple of faculty members and two administrators, we got this across the goal line right after I had

graduated. Here's how it went.

### **What is IRLP?**

Today, there are IRLP nodes all over the planet in frequent (sometimes constant) use.

[The Random Wire](#)

### **Bugs and the toupee fallacy**

The Toupee Fallacy is a logical fallacy in which one thinks something is of poor quality because they only notice poor quality instances of it.
